

# B.C. HomeShows Ltd.

---

## **EXHIBITOR & ATTENDEE WELLNESS**

The safety and well-being of our exhibitors and attendees is of utmost importance. As such, the following protocols are in place at all BC HomeShows Ltd. events and shall apply to all event attendees and exhibitors participating in the events.

As of September 22, 2021, by order of the Provincial Health Officer, proof of vaccination is required to access indoor organized events.

Exhibitors and attendees must be fully vaccinated (two doses plus 14 days) and provide proof of vaccination along with a piece of valid government ID (B.C. Driver's License, B.C. Service Card, & Passport). Visitors to B.C. can provide a provincially/territorially officially recognized vaccine record along with a valid government photo ID to attend or participate in our events.

Current regulations require masks to be worn in all indoor public settings for those age 5+, which follows the provincial health order as defined on the British Columbia government's website.

We are continuously monitoring the situation and will update you here with any changes to this policy
